## **How to Use This Document**

This formulary list helps you determine which medications are covered by your plan and identify lower-cost options, when available. Use the key below to understand the drug categories:

- p** Preferred Generics: Lowest-cost options, clinically effective.
- np** Non-preferred Generics: Higher-cost generics, may have lower-cost alternatives.
- P** Preferred Brands: Brand-name drugs with the best value.
- NP** Non-preferred Brands: Higher-cost brand-name drugs, may have preferred options.
- NC** Non-covered Drugs: Not covered by your plan; check for alternatives or discuss with your doctor.

To maximize savings, look for **p** or **P** options first. If your medication is **NC**, talk to your doctor about switching to a covered alternative.
