

We're here to help you save

LucyRx partners with your employer or health plan to ensure you get the medications you need at the best price.

How to use this document

This formulary list helps you determine which medications are covered by your plan and identify lower-cost options, when available.

Use the key below to understand the drug categories:

- p** Preferred generics:
Lowest-cost options, clinically effective.
- np** Non-Preferred generics:
Higher-cost generics, may have lower-cost alternatives.
- P** Preferred brands:
Brand-name drugs with the best value.
- NP** Non-Preferred brands:
Higher-cost brand-name drugs, may have preferred options.
- NC** Non-Covered drugs:
Not covered by your plan; check for alternatives or discuss with your doctor.

To maximize savings, look for **p** or **P** options first. If your medication is **NC**, talk to your doctor about switching to a covered alternative.
