

How to transfer your prescriptions

Three ways to transfer your prescription

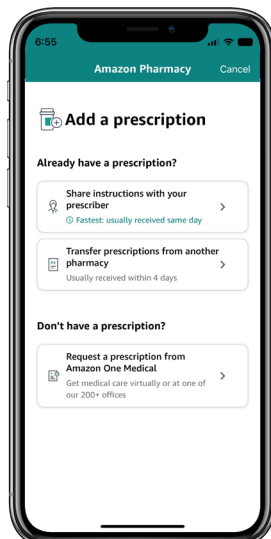

1 Submit a transfer request

1. Sign in at amazon.com/pharmacy
2. From your Amazon Pharmacy dashboard, select "Transfer a prescription"
3. Add your prescription if you have refills remaining by selecting "Transfer prescriptions from another pharmacy"
4. Use the search tool to locate the name of the pharmacy that has your current prescription
5. Add the medication's name
6. Submit your request

2 Share your prescription information

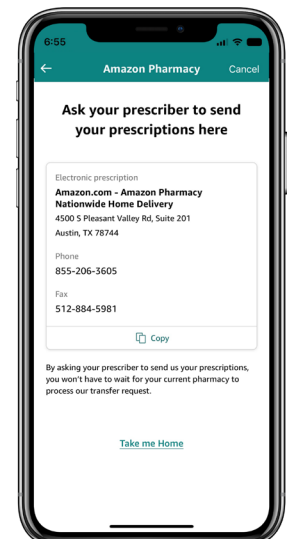

1. Complete the first two steps from the previous section
2. Select "Share instructions with your prescriber"
3. Copy the information and give it to your prescriber

3 Ask your prescriber to send it directly
