Helping employees find prescription information faster.

When employees have questions about their prescription care, they want clear answers fast.

The LucyRx member portal gives employees one place to view prescription benefits, check medication costs, see claims history, find pharmacies, and get support.

How the LucyRx member portal helps employees

More clarity around benefits and coverage

Employees can view prescription benefit information so they can better understand their coverage and options.

Better visibility into medication costs

Real-time price comparison tools help employees compare pharmacy options, explore lower-cost alternatives, and make more informed decisions before filling a prescription.

Convenient access to important information

From digital pharmacy ID cards to claims history and pharmacy search tools, employees can quickly find the information they need in one place.

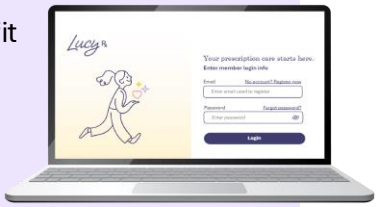

Support when questions arise

Live chat connects employees with LucyRx support when they need help.

Designed for families

Employees can view and information for covered family members in one account.

Member portal highlights

- Real-Time Benefit Summary
- Claims History with Download Capability
- Digital Pharmacy ID Card
- Pharmacy Locator
- Real-Time Drug Price Comparison
- Family Access
- Expanded Drug Information
- Live chat with LucyRx support
- Easier access to prescription support

The LucyRx member portal helps employees find prescription information, compare costs, and get support in one place.
